

Week 2 Article 2: (10/18/2024)

We are excited to announce that we plan to launch the survey today, immediately following this eblast. To ensure that the survey remains exclusive to PLPOA owners, it will only be accessible via an email invitation. We can't predict any hiccups that may occur in mass producing this invite to over 4000 addresses. Please be patient, as we may have to wait until Monday to address any issues that may come about with this launch.

Password access information was sent out via our mass email system in the late hours of 10/18/24 or possibly early 10/19/24. You can also try searching your inbox using one or both the following keywords: "Pagosa Lakes Property Owners Association" or "Survey"

If you still can't locate the invitation, you can request one directly by clicking [HERE](#). Please check your inbox thoroughly before requesting, to avoid receiving duplicate invitations. An invitation will be sent to you within 24 hours of the request Monday-Friday. Invitations will not be mailed over the weekend.

Survey Introduction:

This survey pertains to the *funding options* for the proposed gymnasium at PLPOA, which is being considered as a new recreational amenity in Pagosa Lakes. The gymnasium has been identified as a solution to meet the growing need for recreation facilities, particularly for our Pagosa Lakes youth. While we are excited about the possibility of fulfilling this need in our community, we want to emphasize that the gymnasium will not be limited to youth activities. Programs and open gym time will be available for all age groups, ensuring it serves the entire PLPOA community.

This survey is essential for creating a comprehensive vote for project approval in February. Please note, the *official vote* will not take place until then. The data collected here, along with input from the committee, staff, and board, will guide the selection of the final option to be presented on the ballot, ensuring owners know exactly what they are financially voting on.

The numbers provided in this survey have been pulled from the finance committee report. The report can be viewed on the Gymnasium information web page, along with owner outreach presentation and voting schedules.

If you are receiving this email, you should also be receiving the survey invitation. I am not including the full survey and its options in this email, as some responses may mistakenly be sent here instead of through the survey itself, which would not be helpful.

However, a screenshot for reviewing the survey will be available on the designated gymnasium page, linked below.

Please note, this is the exact wording of the survey, but it is not the survey itself. It is provided here for your convenience to review. To participate in the survey, you must access it through the email invitation.
